Prayer is Important!

Dear friends/loved-ones:

Praise God! Deborah's pregnancy is coming along really well! Her "tummy" is definitely getting big! She is starting to feel the babies move inside.

It is God, answering your faithful prayers, that helps us through the daily stress of treating many sick, crying babies, & complicated patients with various diseases (heart problems, pregnancy problems, asthmas attacks, severe malaria, pneumonia, HIV/AIDS, dehydration from terrible diarrhea, etc.).

The mission clinic work is going great! God is touching lives... Please pray for our medical, musical, preaching ministries...& for our missionary co-workers. Thanks! We want to see MANY people come to know Jesus as their Lord & Savior here. We really need you guys praying for/with us!

Happy New Year!! Thanks for your love & prayers & support! Keep it up! We love ya,

Drs. Joel & Deborah Carpenter

Prayer Requests:

- Be more intentional in praying & witnessing/evangelism in our mission clinic. Salvation for our many Muslim patients!
- Deborah's pregnancy/our twins!

What's God been teaching me?

Every January/New Year's Day I take a bit of time to reflect on the past year & what changes I need to make in my life (with God's enabling!)... Have you let the Holy Spirit show you some areas that need to change? Have you agreed with God that you truly want to change – to become more like Jesus?! Let's DO IT!!!
