On the road again...!

Dear friends/loved-ones:

Praise God! We are safely back from visiting with friends/churches in Minnesota, Wisconsin, & Illinois. Now, it's on to see you guys in Tennessee, Florida, Alabama, & New Mexico. We look forward to seeing you all! We are enjoying "catching-up" with you & your lives! The twins love it when you pick them up & hold them! Thanks for letting us share about our ministry at the YWAM-mission clinic in Tanzania with you. We are missing our work & friends there.

What's up in YOUR life? How can we pray for YOU? The twins are keeping us plenty busy, day & night! Thanks for your love & prayers & support! Keep it up! We love ya,

Drs. Joel & Deborah Carpenter

Prayer Requests:

- Ongoing safety in our travels across the USA
- Ongoing good visits with family & churches/friends
- Good health & growth for our twins, & that they would start sleeping through the night SOON!
- Dr. Yuster & the other medical staff that are working at the mission clinic while we are away
- Healing & salvation for the patients that come to the mission clinic

What's God been teaching me?

I read this quote by Charles Swindoll this week & thought it was EXCELLENT! **Let's work on our attitudes!** "The longer I live, the more I realize the impact of attitude on life. Attitude, to me, is more important than facts. It is more important than the past, than education, than money, than circumstances, than failures, than successes, than what other people think or say or do. It is more important than appearance, giftedness or skill. It will make or break a company...a church...a home. The remarkable thing is **we have a choice every day regarding the attitude we will embrace for that day.** We cannot change our past...we cannot change the fact that people will act in a certain way. We cannot change the inevitable. The only thing we can do is play the one string we have, and that is our attitude. **I am convinced that life is 10% what happens to me and 90% how I react to it. And so it is with you...we are in charge of our Attitudes."**
